One-stop Global Sports Solution Service

Zero Complaints

We have served more than 1,000 international and domestic top sports events including 6 Olympic Games and 3 Youth Olympic Games, with "Zero Complaints".

Zero Breakdowns

As the world's top event service provider, We take high product quality seriously and will settle for nothing less than equipment "Zero Breakdown".

Zero Faults

With "Zero Failure" service level and the value pursuit of "no small matters in game" in mind, we have built the world's leading sports brand.

Company Info

As a world-famous sports equipment manufacturer and seller, Taishan Sports is now leading China's sports industry. It has successfully served multiple major sports events, such as Olympic Games, Youth Olympic Games, Asian Games, FISU World University Games, and National Games, using its pioneering CD2S (Consult, Design, Supply, and Service) service model for major sports events. Credited as "an Olympic miracle" by the former IOC president Jacques Rogge, Taishan Sports' high standard service with "Zero Faults, Zero Breakdowns, Zero Complaints" has made itself a proud national brand.

Entitled as National Sports Goods Engineering Technology Research Center, National Industrial Design Center, National Enterprise Technology Center, and Postdoctoral R&D Station, Taishan Sports is fully capable of conducting R&D of and testing on national level sports goods. With nearly 300 patents in hand, it has led and participated in setting over 60 domestic and international sports industry standards. More than 100 of its products have been certified by FIG, IJF, WT, UWW, WA, and IWUF, and its XPE multifunctional sports mats are listed on the China Torch Program. With all of its competitive gymnastic equipment certified by FIG, Taishan Sports has unprecedentedly adopted carbon fiber composite in production. At the same time, it continues to popularize gymnastic equipment and has come up with products for children and the elderly, creating "Taishan quality shared around the globe". Meanwhile, Taishan Sports is always insisting on continuous technological innovation and material upgrading in other fields.

Judo

Combat Series

• **Judo Tatami Mat (competition type)**

Model: TQ1520D

Specification: 18000mm×18000mm×50mm; Competition area: 10000mm×10000mm

Color: Red, yellow

Material: The surface layer is made from red or yellow PVC judo leather. The infill and the bottom layer are made from premium compressed foam with different densities. The foam's ability to absorb energy protects athletes from injury. The fiber board in the middle prevents thermal deformation. An anti-slip layer is on the bottom.

• **Judo Platform**

Model: TQ1262A

Specification: 38000mm×22000mm×800mm (can be customized)

Material: High quality welded steel tubes, multiply plywood.

Features: Constituted by multiple single platforms, level can be adjusted, easy to disassemble and install.

Roll Mat for Judo

- Model: TQ2821
 Specification: 14000mm×14000mm×50mm, the size can be customized according to the site, the color of the cushion can be customized.
 Description: Using new seamless hook & loop connection system with no obvious splicing gap. Good product performance and no need to use the frame to fix. Yellow and red PVC judo fabric is used on the upper surface to distinguish between the competition area and the protective area. The inner tube is made of environmental friendly XPE material. Using flame heat bonding process without glue components, which is safe and environmental friendly. The overall structure is stable, has good absorbing and cushioning effect, and can protect the athlete from hurting. There is a non-slip layer on the bottom with good anti-slip effect to ensure the overall stability of the site.

Judo Mat (training type)

- Model: TQ2520
 Specification: 18000mm×18000mm×50mm
 Material: The surface is yellow and red Judo leather (PVC polyvinyl chloride leather); The upper layer is high-quality compressed sponge which has good absorbing effect and can protect the athlete from hurting. The fibre board layer in the middle can prevent deformation brought by expansion and contraction. The lower layer is XPE foam material with good cushioning effect. The bottom XPE layer is embossed to achieve the purpose of anti-skid.

Judo Mat (training type)

- Model: TQ2511A (180x compressed sponge)
 TQ2511B (230x compressed sponge)
 Specification: 14000mm×14000mm×40mm
 Material: The surface is yellow and red Judo leather (PVC polyvinyl chloride leather); The upper layer is high-quality compressed sponge which has good absorbing effect and can protect the athlete from hurting. The fibre board layer in the middle can prevent deformation brought by expansion and contraction. The lower layer is compression sponge with good cushioning effect. There is a non-slip layer on the lower surface.

Judogi (competition type)

- Model: TQW0188
 Specification: 0#/1#/1.5#/.....4.5#/5#
 Color: Blue / White
 Material: 70% cotton, 30% polyester, woven, 750 grams per square meter. One whole set includes tops, pants, and belts. Meets competition standard and can be used for international competition.

Judogi (training type)

- Model: TQW0188A
 Specification: 0#/1#/1.5#/.....4.5#/5#
 Color: Blue / White
 Material: Material: 35% cotton, 65% polyester, woven, non-velvet, shrinkage ≤1%, 350 grams per square meter. One whole set includes top, Pants, belts. Meets training standard.

Judo Dummy

- Model: TQ2552A/1 (PVC Leather) Specification: 20kg
- TQ2552A/2 (PVC Leather) 30kg
- TQ2552A/3 (PVC Leather) 40kg
- TQ2552A/4 (PVC Leather) 50kg
- TQ2552A/5 (PVC Leather) 60kg
- TQ2552A/6 (PVC Leather) 70kg
- TQ2552A/7 (PVC Leather) 80kg
- Material: Multiple specifications option, anti-wear surface layer, sewn sewing thread, excellent filling steel grit and broken sponges, better elasticity and longer service life.

Judo Traget

- Model: TQ2550/1 (Leather) Specification: 20kg
- TQ2550/2 (Leather) 30kg
- TQ2550/3 (Leather) 40kg
- TQ2550/4 (Leather) 50kg
- TQ2550/5 (Leather) 60kg
- TQ2550/6 (Leather) 70kg
- TQ2550/A1 (PVC Leather) 20kg
- TQ2550/A2 (PVC Leather) 30kg
- TQ2550/A3 (PVC Leather) 40kg
- TQ2550/A4 (PVC Leather) 50kg
- TQ2550/A5 (PVC Leather) 60kg
- TQ2550/A6 (PVC Leather) 70kg
- Material: Multiple specifications option, anti-wear surface layer, sewn sewing thread, excellent filling steel grit and broken sponges, better elasticity and longer service life.

New Judo Frame

- Model: TQ1546
- Specification: 18000mm×18000mm, fiber reinforced plastics.

Judogi (children type)

- Model: TQW0188/1
- Specification: 80-120 cm
- Color: Blue / White
- Material: 100% cotton, woven, non-fleece, 400 grams per square mete. One whole set includes top, Pants, belts. Meets training standard.

Climbing Belt

- Model: TQ2555
- Specification: 5000mm×300mm
- Material: High-quality white cotton cloth (same material as judogi) to cover the hemp rope, Stainless steel safety buckle located on one end.
- Specification: Surface is comfortable and non-slip.

Referee Chair

- Model: TQW0388

Judogi Tester

- Model: TQW0387

Judo Scoreboard

- Model: TSF1001

Climbing Rope

- Model: TQ2554
- Specification: φ50×5000 mm
- Material: High-quality white cotton cloth (same material as judogi) to cover the hemp rope, Stainless steel safety buckle located on one end.
- Features: Surface is comfortable and non-slip.

Wrestling

Combat Series

- **Wrestling Mats (competition type, octagon)**

Model: TQ1533
 Specification: 12000mm×12000mm×60mm
 Material: The cover sheet is made of PVC woven fabric, using high-frequency heat-sealing process, and the flexible layer is heat-sealed structure of XPE, sponge, and two-faced plush cloth.

- **Wrestling Mats (competition type, square)**

Model: TQ1519A
 Specification: 12000mm×12000mm×60mm

Model: TQ1519A/1
 Specification: 10000mm×10000mm×60mm

Model: TQ1519A/2
 Specification: 14000mm×14000mm×60mm

Model: TQ1519A/9
 Specification: 12000mm×24000mm×60mm

Material: The cover sheet is made of PVC woven fabric, using high-frequency heat-sealing process, and the flexible layer is heat-sealed structure of XPE, sponge, and two-faced plush cloth.

- **Wrestling High Platform**

Model: TQ1265
 Specification: 42000mm×12000mm×800mm (can be customized)

Model: TQ1265/1
 Specification: 32000mm×16000mm×800mm (can be customized)

Material: High quality welded steel pipe, multilayer plywood.
 Features: The high platform adopts unit structure, the horizontal direction can be adjusted, easy to disassemble and install, the specification can be customized according to customer requirements.

WRESTLING

WRESTLING

Seamless hook & loop connection system

The roller-shutter-style base

Wrestling Mat (Roll-up)

Model: TQ1519C (UWW approved)

Size: 1200cm×1200cm×5.4cm

Material: Leather+XPE+foam+XPE

Features: This roll-up wrestling mat is made of premium leather and flame-laminated, seamlessly bonded XPE and polyester foam. No adhesive is used in the making to ensure eco-friendliness. The structure of the mat gives it the best shock absorption with functions such as buffering, energy adjusting, supporting, and dent controlling. The lychee grain surface is anti-slip and can be wiped clean. XPE has prominent advantages in terms of durability, sun resistance, and impact resistance, and is chemically stable, hard to decompose, odorless, and elastic. The soft polyester foam has good breathability and shock absorption and is antioxidant and anti-tear. Comfort is guaranteed during training or competitions.

Wrestling Mats (training type, square)

- Model: TQ2505
Specification: 12000mm×12000mm×50mm
Material: The cover sheet is made of PVC woven fabric, using high-frequency heat-sealing process, and the flexible layer is heat-sealed structure of XPE and two-faced plush cloth.

Referee Station

- Model: TQ1270
Specification: 4000mm×4000mm×300mm
Material: High quality welded steel pipe, multilayer plywood.
Features: Adjustable horizontal direction, can be customized according to customer requirements.

Wrestling Mats (training type, octagon)

- Model: TQ2509
Specification: 12000mm×12000mm×50mm
Material: The cover sheet is made of PVC woven fabric, using high-frequency heat-sealing process, and the flexible layer is heat-sealed structure of XPE and two-faced plush cloth.

Technical Officials Station

- Model: TQ1269
Specification: 16000mm×4000mm×500mm
Material: High quality welded steel pipe, multilayer plywood.
Features: The horizontal direction can be adjusted, and the size can be customized according to customer requirements.

Chinese Wrestling Mats (square)

- Model: TQ1599
Specification: 14000mm×14000mm×60mm
Material: The cover sheet is made of PVC woven fabric, using high-frequency heat-sealing process, and the flexible layer is heat-sealed structure of XPE, sponge and two-faced plush cloth.

Wrestling Dummy

● Model: TQ2552A/1 (PVC Leather)	Specification: 20kg
TQ2552A/2 (PVC Leather)	30kg
TQ2552A/3 (PVC Leather)	40kg
TQ2552A/4 (PVC Leather)	50kg
TQ2552A/5 (PVC Leather)	60kg
TQ2552A/6 (PVC Leather)	70kg
TQ2552A/7 (PVC Leather)	80kg

Material: Various specifications available. Anti-wear surface layer, precise sewing, filled with high quality steel sand and shredded sponge. Better elasticity and longer service life.

Wrestling Shoes

- Model: TQW0187
Specification: 35-45#
Color: Red
Features: Upgrade all-round sports experience, The shoes surface is formed by advanced all-in-one weaving technology, Greatly enhance the comfort and permeability of wearing; The insole adopts nanometer deodorization and waterproof technology to keep the shoes fresh and dry for a long time. The rubber sole adopts the anti-slip formula of wrestling shoes, which greatly enhances the grasping of the ground. The appearance is more trendy, leading the fashion trend of wrestling shoes.

Wrestling Trapez

● Model: TQ2550/1 (Leather)	Specification: 20kg
TQ2550/2 (Leather)	30kg
TQ2550/3 (Leather)	40kg
TQ2550/4 (Leather)	50kg
TQ2550/5 (Leather)	60kg
TQ2550/6 (Leather)	70kg
TQ2550/A1 (PVC Leather)	20kg
TQ2550/A2 (PVC Leather)	30kg
TQ2550/A3 (PVC Leather)	40kg
TQ2550/A4 (PVC Leather)	50kg
TQ2550/A5 (PVC Leather)	60kg
TQ2550/A6 (PVC Leather)	70kg

Material: Various specifications available. Anti-wear surface layer, precise sewing, filled with high quality steel sand and shredded sponge. Better elasticity and longer service life.

Bulgarian bag

- Model: TQW0851
Size: 59×40 cm
Material: Space PU leather +PP cotton + iron sand.

Man

Woman

Wrestling Costume

- Model: TQW0186
Specification: S/M/L/XL/2XL/3XL/4XL
Color: Blue / Red
Material: 80% nylon, 20% spandex, meeting domestic competition requirements. There is a difference in style and design between men and women.

Weight-control Suit

- Model: TQW0054
Specification: S/M/L/XL/2XL/3XL/4XL
Color: Black / Silver
Material: PU knitted transfer film, which is beneficial for athletes and obese people to lose weight.

Chinese Wrestling Suit

- Model: TQW0186/1
Specification: S/M/L/XL/2XL
Color: Red, blue, white
Material: The outer layer of the jacket is 100% cotton and the inner layer needle-stick and cross-stitch with each small grid being about 1cm. The trousers are made of 100% cotton. The jacket and the trousers can be worn inside-out.

Weighing Scale

- Model: TQW0066
Specification: Maximum weight 200kg with readability of 0.01kg.

Wrestling Clock

- Model: TQ1268
Specification: 636mm×550mm×1800mm
Material: High-quality steel tubes. Standard casters with lock that hold the clock still when in use.

Karate

Combat Series

- **Karate Mats**

Model: TQ1565
 Specifications: 12000mm×12000mm×20mm
 Material: High-quality environmental friendly XPE .
 Features: The mats consist of a competition area and a protection area, distinguished by two colors. The mats are comfortable to feet and have moderate elasticity. The straw-mat pattern on the surface is non-slip, which is conducive to athletes' performance.

- **Karate Mats**

Model: TQ1566A
 Specification: 12200mm×12200mm×20mm
 Material: High-quality environmental friendly XPE .
 Features: The mats consist of the competition area and the protection area, distinguished by two colors. The mats are comfortable to feet and have moderate elasticity. The diamond-shaped surface is non-slip, increasing the friction coefficient of the entire mats, which is more conducive to athletes' performance.

- **Karate Training Mats**

Model: TQ2711
 Specification: 12000mm×12000mm×30mm
 Material: High-quality EVA Product
 Features: One-step molding foam, interlocking design for fast installation, moderate elasticity, meeting the requirements of competition and training.

KARATE

Karate Headguard

- Model: TSD1003
Specification: S/M/L/XL/XXL
Material: High-quality PU
Features: The latest model, soft and comfortable lining, thickening treatment behind the head, integrated design, easy to wear, and better protection.

Karate Gloves

- Model: TSD1009A / TSD1009B
Specification: S/M/L/XL/XXL
Material: Microfibre/PU
Features: One-piece design that protects the fist. The elastic band is strong and not easy to fall off. Precise sewing, good toughness, and tear resistance.

Karate Competition Chest Protector

- Model: TQW22000009
Specification: XS/S/M/L/XL
Material: High quality elastic fabric, PP plastic product.

Karate Uniform

- Model: TSD1002
Specifications: 1# - 5#
Material: 100% cotton
Features: Good fabric, and mixed fast drying fiber and cotton. Can quickly expel heat and moisture after exercises. The lining fabric of the neckline and cuff feels good and is not sticky, improving the flexibility of the movement.

Man Groin Protector

- Model: TST1002A
Specifications: S/M/L/XL
Material: High quality PU
Features: Hard plastic infill. Made from highly elastic foam. Strong elastic band. Additional protection to lower abdomen.

Women Groin Protector

- Model: TST1001A
Specifications: S/M/L/XL
Material: High quality PU
Features: Highly elastic foam and strong elastic band. Additional protection to lower abdomen.

Karate Shin and Instep Guard

- Model: TSD2005
Specifications: S/M/L/XL
Material: High quality PU
Features: Matte PU surface, machine stitching, Polyurethane foam molding inner part.

Karate Competition Chest Protector

- Model: TSD1001
Specification: S/M/L/XL
Material: High-quality PU
Features: The latest style, made of rubber and plastic with high elastic foam. The back has a hook and loop design, making it easier to wear.

Hand Target

- Model: TSA2000
Specifications: 200mm×250mm×50mm
Material: PU
Features: High density compression foam, bending in line with the human hand shape, the center of the palm has a curved design, feel more comfortable.

Hand Target (monkey face)

- Model: TSA1022
Specifications: 200mm×250mm×50mm
Material: PU
Features: Made of high density EVA foam, PU leather surface, comfortable to hold the target, firm and firm like monkey face, the filling material of this product is flexible, light and durable.

Arc-shaped Foot Target

- Model: TSA1026
Specifications: 395mm×215mm×100mm
Material: PU
Features: Tear resistant and environmental friendly material. The hitting areas on the surface pass destructive test. Multi-seam, unique design, flexible use.

Foot Target

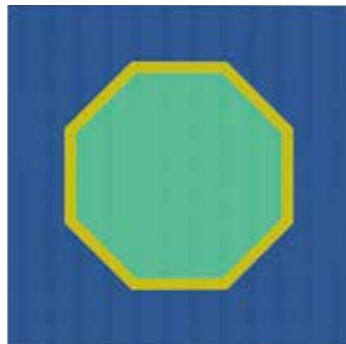

- Model: TSA1030
Specifications: S/M/L
Material: PU
Features: The built-in padding is made of EVA, which conforms to the international standard, and the surface is specially treated, which is non-slip, non-deformation and wear-resistant. The sound is clear and loud.

Taekwondo

Combat Series

• Taekwondo Mats (new octagonal type)

Model: TQ1534
 Specifications: 12000mm×12000mm×25mm
 Colors: Red, Blue/Yellow, Green/Blue, Green
 Material: Storiform leather, XPE.
 Features:
 1. Elegant appearance with high-rate compound storiform leather. The competition area is 8000mm octagonal shape.
 2. Flame heat sealing and water cutting process, it consists of 9 unit blocks, new seamless connection method, it's beautiful and easy to install. With comfortable feeling, good elasticity, it is excellent for athletes to exert their sports abilities.

• Taekwondo Training Mats (octagonal)

Model: TQ1522
 Specifications: 12000mm×12000mm×25mm
 Size/piece: 828×828mm
 Colors: Red, Blue
 Material: XPE
 Features: Mainly used for taekwondo competition and training. It consists of competition and protection areas and are distinguished by two different colors.
 Structure: Serrated lock.

Model: TQ2638
 Specifications: 12000mm×12000mm×25mm
 Colors: Red, Blue
 Material: EVA
 Features: The field consists of competition area and protection area and are distinguished by two different colors. With comfortable feeling, good elasticity, it is excellent for athletes to exert their sports abilities.

• Taekwondo High Platform

Model: TQ1278A
 Specification: Competition area 8m×8m, competition venue 12m×12m
 Overall dimensions: 14.07m×14.07m×0.6m
 Material: high quality carbon steel, birch multi-layer board.
 Features: With unit design and horizontal adjustable, it's easy to disassemble and install, customized size is acceptable.

Taekwondo Training Mats (square)

- Model: TQ2633
Specifications: 12000mm×12000mm×30mm
Material: XPE
- Model: TQ2575
Specifications: 14000mm×14000mm×25mm
The competition area consists of 144 pieces of mats (8000mm×8000mm).
Colors: Red, Blue/Yellow, Blue
Material: EVA
- Model: TQ2521
Specifications: 12000mm×12000mm×25mm
The competition area consists of 144 pieces of mats (8000mm×8000mm).
Colors: Red, Blue
Material: EVA

Taekwondo One-forming Headguard

- Model: TSE1011
Specifications: 1#/2#/3#/4#/5#
Material: With polyurethane CR sheet, one-step foaming craftsmanship.
Features: Designed according to mechanical principles, soft and comfortable, excellent air permeability and deodorization, brilliant protection ability.

Taekwondo Protection Set

- Model: TSE1012
Descriptions: It includes one-step molding head guard, thickened chest protector, groin guard, elbow guard, leg guard and bag. With first-class materials and craftsmanship, lightweight, sturdy and durable. Excellent protection performance and no negative effects on athletes make it one of the best protective products in the market.

Taekwondo Competition Gloves

- Model: TSE1001
Specifications: S/M/L/XL/XXL
Material: High quality PU
Features: The quality is improved according to the WTF new rules and the air permeability and sweat absorbency are also greatly improved. Special process on the details of the palm of the glove makes it more comfortable to wear.

Taekwondo Competition Foot Cover

- Model: TSE1002
Specifications: S/M/L/XL/XXL
Material: High quality PU
Features: The quality is improved under the guidance of WTF new rules and the air permeability and sweat absorbency are also greatly improved. Special process on the details of the toe part of the foot cover makes it more comfortable to wear.

Taekwondo Elbow Guard

- Model: TSE1004
Specifications: 1#/2#/3#/4#/5#
Material: High quality PU
Features: With compressed polyurethane material filled inside, excellent protection, comfortable to use and it's quick to restore the original shape.

Taekwondo Leg Guard

- Model: TSE1005
Specifications: 1#/2#/3#/4#/5#
Material: High quality PU
Features: With compressed polyurethane material filled inside, excellent protection, comfortable to use and it's quick to restore the original shape.

Taekwondo Groin Guards for Male

- Model: TSE1003
Specifications: 1#/2#/3#/4#/5#
Material: High quality PU
Features: With compressed polyurethane material filled inside, excellent protection, comfortable to use and it's quick to restore the original shape.

Taekwondo Groin Guards for Female

- Model: TSE1003A
Specifications: 1#/2#/3#/4#/5#
Material: High quality PU
Features: With compressed polyurethane material filled inside, excellent protection, comfortable to use and it's quick to restore the original shape.

Taekwondo Chest Protector

- Model: TSE1000
Specifications: 1#/2#/3#/4#/5#
Material: High quality PU
Features: High quality PU and compressed polyurethane material filling inside, with excellent protection, which is comfortable to use quick to restore the original shape.

Taekwondo Shoes

- Model: TSE1019
Specification: 34# - 45#
Features: The upper is reinforced with material, which is more protective, more durable, and it can effectively protect toes. Beef tendon soles are lighter, harder and more breathable, which can protect the feet from dryness at higher temperatures.

Imitation Leather Breast Target

- Model: TSE1018
Specification: 500mm×400mm×100mm
Material: PU + High-density canvas
Features: Economical and practical, lightweight and durable.

Handguard Taekwondo Arc Target

- Model: TSE1034
Specification: 420mm×250mm×50mm
Material: PU
Features: Polyethylene foam, compressed sponge inner core, with excellent protection, which is comfortable to use, quick to restore the original shape.

Arc Target

- Model: TSA1017
Specification: 650mm×450mm×100mm
Material: PU
Features: The target is curved design, with imitation leather jacket and EVA inner core, the whole body is full, with good impact effect.

Hand Target

- Model: TSE1015
Specification: 380mm×180mm
Material: PU

Features: The target surface of high-quality material with high quality filler is not only lightweight, but also durable. The design of the target body can bring about an effective improvement in feel and striking. The function, materials, design and appearance of this product reflect the professional brand style. The target is suitable for daily training and it's an indispensable tool for Taekwondo practice.

Taishan Competition Uniform

- Model: TQW0876
Uniform Fabric: Polyester

Taishan Competition Uniform

- Model: TSE1020A
Uniform Fabric: Polyester

Taishan Competition Uniform

- Women: Top is white cardigan with a 'y-shaped' black collar, pants are true red.

Boxing

Combat Series

• Competition Boxing Ring

Model: TQ1251

Specifications: 7800mm×7800mm×2442mm (Platform height: 1000mm)

Material: PU, PVC warp knitted fabric, sponge, canvas, high-load bearing sponge, XPE, high-quality carbon structural steel, birch multilayer board, etc.

Features: Certified by AIBA, the overall performance is stable and reliable. It adopts high-quality metal rectangular tube frame structure, with multi-layer board, flexible layer, cover sheet. Won the praise of professional athletes in many competitions.

① The high platform is mainly composed of columns, supporting beams and wooden boards: the main materials of the frame and columns are steel rectangular tubes; the main material of the wooden board assembly is birch multi-layer boards. The high platform adopts the U-clip wrap connection method, which has a firm and reliable connection and a beautiful appearance;

② Comfortable feet, good elasticity, which is good for athletes to play;

③ Non-slip, good load capacity;

④ Easy installation and removal.

Boxing Ring for Training

- 5-meter Boxing Ring
Model: TQ2252/2
Specifications: 5000×5000×1942 mm (Platform height: 500mm)
- 6-meter Boxing Ring
Model: TQ2252
Specifications: 6000×6000×2442 mm (Platform height: 1000mm)
- 7-meter Boxing Ring
Model: TQ2252/1
Specifications: 7000×7000×2442 mm (Platform height: 1000mm)
- Material: PU,PVC warp knitted fabric, sponge, canvas, high-load bearing sponge, XPE, high-quality carbon structural steel, birch multilayer board, etc.
Features:
 - ① The high platform is mainly composed of columns, supporting beams and wooden boards: the main materials of the frame and columns are steel rectangular tubes; the main material of the wooden board assembly is birch multi-layer boards. The high platform adopts the U-clip wrap connection method, which has a firm and reliable connection and a beautiful appearance;
 - ② Comfortable feet, good elasticity, which is good for athletes to play;
 - ③ Non-slip, good load capacity;
 - ④ Easy installation and removal.

Floor Boxing Ring

- 5m Floor Boxing Ring
Model: TQ2309
Specification: 5000 ×5000 ×1482 mm
- 6m Floor Boxing Ring
Model: TQ2309/1
Specification: 6000 ×6000 ×1482 mm
- Material: PU cloth, sponge, high bearing sponge, XPE, high-quality carbon steel.
Features:
 - ① Excellent protection performance, good antiskid, not easy to deform, durable, grand and decent, environmental materials, excellent processing technology;
 - ② It is made of high-quality materials, combined frame, easy to disassemble and transport. The ropes around it are made of steel wire, foam pipe, PU leather and other materials, which are strong and beautiful;
 - ③ Surface treatment: all metal parts are pickled and phosphated, and then shot blasting and sprayed. The automatic powder electrostatic spraying equipment is adopted. The coating has good weathering resistance, high impact strength, stable quality of metal coating, excellent acid and alkali resistance, moisture and heat resistance, anti-aging and so on.

Competition Boxing Helmet (leather)

- Model: TSA1001
Specification: S/M/L/XL
Material: The surface layer is selected first layer of cowhide, the inner stuffer is made of latex, EVA, sponge, etc;
Features: The selected first layer of cowhide is delicate; comfortable, light, strong protective performance; breathable design, the top of the helmet can be adjusted to make wearing comfortable; super strong Velcro, the number of times of bonding can be more than 5000, more durable, more solid bonding; the thickening treatment of the back part can provide the most professional protection.

Training Boxing Helmet (PU)

- Model: TSA1001A
Specification: S/M/L/XL
Material: The surface layer is selected high-quality PU, the inner stuffer is made of foaming rubber;
Features: The selected high-quality PU is delicate; comfortable, light, strong protective performance; breathable design, the top of the helmet can be adjusted to make wearing comfortable; super strong Velcro, the number of times of bonding can be more than 5000, more durable, more solid bonding; the thickening treatment of the back part can provide the most professional protection.

Competition Boxing Gloves (leather)

- Model: TSA1002-02 TSA1002-03
Specification: 10oz 12oz
Material: The surface layer is selected first layer of cowhide, the inner stuffer is made of latex, EVA, sponge, etc;
Features: The selected first layer of cowhide is delicate, so that the gloves can form a natural and perfect arc, and provide the most meticulous protection when clenching; the leather folds are neat and uniform, with a strong three-dimensional sense; super strong Velcro, the number of times of bonding can reach more than 5000; the thumb and the glove itself are tightly attached, effectively preventing the injury when using swing punch.

Training Boxing Gloves

Model (PU)	Specification	Model (microfiber)	Specification
TSA1002A-01	8oz	TSA1002B-01	8oz
TSA1002A-02	10oz	TSA1002B-02	10oz
TSA1002A-03	12oz	TSA1002B-03	12oz
TSA1002A-04	14oz	TSA1002B-04	14oz

Material: The surface layer is selected high-quality PU, one stop molding of foaming rubber.
Features: The selected high-quality PU is delicate, so that the gloves can form a natural and perfect arc, and provide the most meticulous protection when clenching; the leather folds are neat and uniform, with a strong three-dimensional sense; super strong Velcro, the number of times of bonding can reach more than 5000; the thumb and the glove itself are tightly attached, effectively preventing the injury when using swing punch.

Groin Guard for Men

- Model: TST1002
Specification: S/M/L/XL
Material: High-quality PU
Features: Hard plastic inner stuffer, made of high elastic foam, strong elastic band, especially increase the protection of the lower abdomen.

Groin Guard For Women

- Model: TST1001
Specification: S/M/L/XL
Material: High-quality PU
Features: Larger protection area, made of high elastic foam, strong elastic band. Especially increase the protection of the lower abdomen, suitable for daily training and competition.

Mouth Guard

- Model: TSA2017
Specification: Average size
Material: Edible silica gel
Features: Made of edible silica gel, healthy and environmentally friendly, and can be used at ease. Tooth guard can make our teeth get the best protection when impacted. What's more, it can form a shock absorption effect in the mouth and help to reduce most of the shock force when impacted.

Boxing Shoes

- Model: TSA2016
Specification: 36#-45#
Material: Flyknit
Features: Comprehensive sports experience upgrading; the vamp adopts flyknit and fusing technology to make the vamp more integrated and enhance the comfort of wearing and breathability; the lace binding system adopts flying wire technology to make the vamp more fit the foot surface and reduce the energy loss caused by frequent movement of the foot in the shoe; the insole and interior adopt nano odor proof and waterproof technology to keep the inside of the shoe long time dry; the sole rubber adopts the antiskid formula of wrestling shoes, the grip is greatly enhanced; the appearance is updated.

BOXING

BOXING

Boxing Uniform

- Model: TSA2008
Specification: S/M/L/XL/2XL/3XL/4XL
Material: Knitted fabric
Features: The cutting structure of the clothing is scientifically designed, the knitted fabric is moistureabsorbing and sweat-wicking, and the air permeability is good. The texture of the material is upgraded to make it more comfortable to wear, and the movement is unimpeded; the men's and women's styles are designed differently

Speed Ball Rack

- Model: TQ2288/1
Specification: 700mm×600mm×430mm
Material: Steel, birch multilayer board
Features: This product is an auxiliary training equipment fixed on the wall. The steel frame is firm, with a rotatable bearing. It's used by the user for speed exercise.

Column Tumbler

Model (PU)	Specification	Model (PU)	Specification
TS4203B1-01	80kg 1700mm	TS4205B1-01	80kg 1700mm
TS4203B1-02	100kg 1700mm	TS4205B1-02	100kg 1700mm

Features: The base is made of pure cast iron, rubber coated. No noise and no damage to the floor. The steel sleeve plug-in connection mechanism is adopted between the base and sandbag. Suitable for dodge training.

Simple Lifting Speed Ball Rack

- Model: TQ2288
Specification: 835mm×600mm×710mm (height of track)
Material: Steel, birch multilayer board
Features: This product is an auxiliary training equipment. Easy to install, height adjustable, can be used for people of different height.

Gauze

- Model: TQW0184.01
Size: 5cm × 10m, 5cm × 15m
Made from 100% Cotton yarn, soft and comfortable mesh gauze . Keeps the knuckle area protected from any shock when punching.

Tape

- Model: LQ36
Color: White
Size: 1.25cm × 13m, 2.5cm × 13m
Made of high quality super sticky adhesive material.

Multifunctional Training Station

- Model: TQ2289
Specification: 2736mm×2736mm×2600mm
Material: Carbon structural steel
Features: This product is a multifunctional comprehensive boxing trainer integrating sandbags (4 pieces), pear ball, wall target and boxing speed ball. It covers a small area and does not need to be fixed. Users can disassemble and adjust the boxing trainer according to their own needs, making it more flexible to use.

Multifunctional Rotary Training Station

- Model: TQ2291
Specification: 3900mm×3900mm×2695mm
Material: Carbon structural steel
Features: This product is a multi-functional comprehensive training device which integrates sandbags, pear balls and wall targets. It covers a small area, does not need to be fixed, and the sandbags can rotate around the column. Users can adjust the position according to their own needs, use more flexible, suitable for indoor exercise, can effectively enhance the muscle's explosive force and reaction speed.

Boxing Punching Bag

- Model: TQ2543
Specification: 50kg, 1300×φ400mm, with cross pylon.
- Model: TQ2545
Specification: 50kg, 1400×φ450mm, with cross pylon.
- Model: TQ2542
Specifications: 50kg, 1200×φ350mm, without cross pylon.
- Model: TQ2775
Specification: 45KG, 1600×φ450mm, without cross pylon.
- Features: The weight can be customized, 20kg-100kg, increasing by multiple of 5kg. Available in black and blue. Cross pylon optional.

Boxing Pear Shape Sandbag

- Model: TSA2005
Specification: 900mm, weight: 50kg
Material: High-quality PU
Features: Equipped with special rotator, high elastic foam layer, rubber cloth core.

Human Shape Tumbler

- Model(PU): TS4204B1-01 Specification: 80kg 1800mm
TS4204B1-02 100kg 1800mm
- Model(microfiber): TS4206B1-01 Specification: 80kg 1800mm
TS4206B1-02 100kg 1800mm
- Features: The base is made of pure cast iron, rubber coated. No noise and no damage to the floor. The steel sleeve plug-in connection mechanism is adopted between the base and sandbag. This tumbler can stimulate the regular swing of human body, suitable for dodge training.

Hand Target

- Model: TSA2000
Specifications: 200mm×250mm×50mm
Material: PU
Features: High density compression foam, bending in line with the human hand shape, the center of the palm has a curved design, feel more comfortable.

Lengthened Hand Target

- Model: TSA1027
Specification: Average size
Material: PU
Features: New lengthened type with superior materials, high elastic EVA filling.

Boxing Speed Ball

- Model: TSA2009
Specifications: 210mm×210mm
Material: PU
Features: New design with simple hook, it's easy to install. high-elastic rope makes a faster rebound, wear resistant, not easy to fall off, it's suitable for professional athletes and amateurs.

BOXING

BOXING

Arc-shaped Target

- Model: TSA1017
Specifications: 650mm×450mm×100mm
Material: PU
Features: Arc-shaped design, with imitation leather and EVA filling, and it's solid and good for punching.

Training Stick Target

- Model: TSA1025
Specifications: 560mm×60mm
Features: One-step molding, elastic EVA, with destructive test on the punching surface, velcro fastening, good hand feeling with no sliding, sophisticated stitching, and durable.

Hand-wrap

- Model: TQW0183.01-01
Specification: 2500-4500mm, wide 57mm
Features: Good air permeability, soft and comfortable, with convenient nylon self-adhesive design, it can effectively avoid injury during fight sports and training, and make athletes perform better.

Multifunctional Boxing Target

- Model: TSA1028A/TSA1028B
Specifications: 1000mm×1500mm×2200mm
Material: Steel plate style / Floor type
Features: It can greatly improve the reaction capacity and action fluency in the movement, and strike ability and acceleration of the boxing combination.

Iron Target

- Model: TSA1016
Specifications: 450mm x 250mm x 100mm
Material: PU
Features: New type target, it's flexible to use and it's suitable for Taekwondo gymnasium and its amateurs.

Multifunctional Wall Target

- Model: TSA1023
Specification: 700mm×400mm×300mm
Material: PU
Features: With steel-frame structure and EVA filled inside, it's suitable for practising hooks, straight punches and swings.

Skipping Rope

- Model: TSA2003
Specifications: 3000mm
Material: Rubber
Features: With spindle and foam sponge in the handle.

Arc-shaped Foot Target

- Model: TSA1026
Specifications: 395mm×215mm×100mm
Material: PU
Features: Tear resistance and environmental friendly material, with destructive test on the punching surface, unique design with multiple stitching, it's flexible to use.

Hand Target (monkey face)

- Model: TSA1022
Specifications: 200mm×250mm×50mm
Material: PU
Features: Made of high density EVA foam, PU leather surface, comfortable to hold the target, firm monkey face shape, the filling material of this product is flexible, light and durable.

Rosin Box

- Model: TQ2267
Specifications: 450mm×450mm×50mm
Materials: Pinewood board and brick sandwich plate.
Features: It's skid resistance for the athletes to apply rosin or magnesium powder to the sole of their feet.

Backpack for Protective Gear

- Model: TSA2004
Material: High-density Oxford
Features: Can accommodate a variety of protective gear, training supplies, drawstring design, fine workmanship, convenient and fast, simple and elegant design, ideal backpack or training.

Wushu Taolu

Combat Series

- **Competition Wushu Carpet**

Model: TQ1516

Specification: 12000mm×18000mm×90mm

Competition Area: 8000mm×14000mm

Material: XPE, multilayer board and carpet.

Features: The surface color is uniform. No electrostatic induction occurs after friction and no obvious deformation occurs after being pressed.

Note: This product has been patented. International Wushu Federation and Chinese Wushu Association Approved.

Wushu Carpet

- Model: TQ2571
 Specification: 10000mm×16000mm×90mm
 Competition Area: 8000mm×14000mm
 Material: XPE, multilayer board and carpet.
 Features: The color of surface carpet is uniform. No electrostatic induction occurs after friction and no obvious deformation occurs after being pressed.
 Note: This product has been patented.

Xiangzi Sword (short-weapon) Field

- Model: TQ1597
 Specification: 12*12m*0.015m
 Material: Leather heat bonded XPE
 Features: The site is composed of seven units through seamless lap splicing, splicing tightly, no obvious seams. Each unit consists of the surface PVC leather and the bottom XPE flame heat bonded together, the bottom adopts the water cutting process, easy to roll up and store.

Taichi Push-hands Field

- Model: TQ1587
 Specification: 12*12m*0.03m
 Material: Leather heat bonded XPE
 Features: The site is composed of seven units through seamless lap splicing, splicing tightly, no obvious seams. Each unit consists of the surface PVC leather and the bottom XPE flame heat bonded together, the bottom adopts the water cutting process, easy to roll up and store.

Juvenile Wushu Field

- Model: TQ2624
 Specification: 16000mm×10000mm×30mm
 Competition area: 8000mm×14000mm
 Flexible layer: XPE heat bonded carpet.
 Material: XPE, carpet
 Features: The product is made from water cut flexible coil layer. It can be easily rolled up, stored, installed, disassemble, and transported.

Juvenile Wushu Field II

- Model: TQ2624/1
 Specification: 16000mm×10000mm×40mm
 Competition area: 8000mm×14000mm
 Carpet: 10000mm×16000mm
 Flexible layer: XPE fame bonded carpet.
 Material: XPE, carpet
 Features: The site is mainly composed of water-cut roll flexible layer and martial arts carpet. The surface carpet has uniform color and uniform, no obvious color difference, no static electricity after friction, and no obvious deformation after the blanket is pressed.

Competition Daoshu (boardsword)

- Model: TSH1001
 Specification: Men: M1, M2, M3, M4, M5, M6, M7, M8, M9
 Women: F1, F2, F3, F4, F5, F6, F7, F8, F9
 Material: Blade of manganese steel, stainless steel handle.
 Features: Used for Wushu Taolu Daoshu competition and training.

Competition Daoshu (boardsword)

- Model: TSH1002
 Specification: Men: M1, M2, M3, M4, M5, M6, M7, M8, M9
 Women: F1, F2, F3, F4, F5, F6, F7, F8, F9
 Material: Blade of manganese steel, stainless steel handle.
 Features: Used for Wushu Taolu Daoshu competition and training.

Performing Double Sword

- Model: TSH1003
 Specification: 500mm, 520mm, 540mm, 560mm, 580mm, 600mm, 620mm, 640mm, 660mm, 680mm, 700mm
 Material: Blade of manganese steel, wooden handle.
 Features: Used for Wushu Taolu Sword competition and training.

Performing Double Boardsword

- Model: TSH1004
 Specification: 500mm, 520mm, 540mm, 560mm, 580mm, 600mm, 620mm, 640mm, 660mm, 680mm, 700mm
 Material: Blade of Manganese steel, wooden handle.
 Features: Used for Wushu Taolu boardsword training and competition.

Nandao (southern sword)

- Model: TSH1008B
Specification: 480mm, 500mm
Material: Blade of aluminum alloy, wooden handle.
Features: Used for Wushu Taolu Daoshu training and competition.

Competition Gunshu (stick)

- Model: TSH1009
Specification:
Men: 1550mm, 1600mm, 1650mm, 1700mm, 1750mm, 1800mm
Women: 1500mm, 1550mm, 1600mm, 1650mm, 1700mm
Material: Made of glass fiber, straight stick body. Printed pattern: double dragon for Men type, and double phoenix for Woman type. Little thinner on the top end, matte surface treatment provides rough feeling and increase grasping friction for the player.
Features: Used for competition.

Double Boardsword for Face-to-face Training

- Model: TSH1010
Specification: 480mm, 500mm
Material: Aluminum alloy
Features: Used for training.

Performing Daoshu (boardsword)

- Model: TSH1005
Specification: 560mm, 580mm, 600mm, 620mm, 640mm, 660mm, 680mm, 700mm, 720mm, 740mm, 760mm, 780mm, 800mm
Material: Blade of manganese steel, wooden handle.
Features: Used for Wushu Taolu Daoshu competition and training.

Performing Jianshu (sword)

- Model: TSH1006
Specification: 560mm, 580mm, 600mm, 620mm, 640mm, 660mm, 680mm, 700mm, 720mm, 740mm, 760mm, 780mm, 800mm
Material: Blade of manganese steel, wooden handle.
Features: Used for Wushu Taolu Jianshu training.

Competition Nandao (boardsword)

- Model: TSH1008
Specification: 560mm, 580mm, 600mm, 620mm, 640mm, 660mm, 680mm, 700mm, 720mm, 740mm, 760mm
Material: Blade of manganese steel,
Features: Used for Wushu Taolu Nandao competition and training.

Podao

- Model: TSH1011
Specification: 1550mm, 1600mm, 1650mm, 1700mm, 1750mm, 1800mm
Material: Aluminum alloy, integrated.
Features: Used for Wushu Taolu Daoshu competition and training.

Competition Qiangshu (spear)

- Model: TSH1012
Specification: 1550mm, 1600mm, 1650mm, 1700mm, 1750mm, 1800mm
Material: Aluminum alloy, integrated.
Features: Used for Wushu Taolu competition and training.

Duilian Qiang (spear for face-to-face training)

- Model: TSH1012A
Specification: 1550mm, 1600mm, 1650mm, 1700mm, 1750mm, 1800mm
Material: Aluminum alloy, integrated.
Features: Used for training.

Chunqiu Boardsword

- Model: TSH1007
Specification: 1600mm, 1650mm, 1700mm, 1750mm, 1800mm
Material: Aluminum alloy, consists of several units.
Features: Used for Wushu Taolu training and competition.

Nanquan Suit

- Model: TSH1017
Specification: XS-3XL
Color: black, white, pink, red, royalblue, rose red, light blue.
Material: Spinning, silk

Taichi Suit

- Model: TSH1015
Specification: XS-3XL
Color: Black, white, pink, red, royalblue, rose red, light blue.
Category: Competition, General

Magnesium Powder Box

- Model: TQW0049
Specification: 900mm
Material: Painted iron base, glass reinforced plastic box
Features: For magnesium powder

Wushu Shoes

- Model: TSH1013

Training Suit (short sleeve)

- Model: TSH1018
Specification: XS-3XL
Color: white, red, black, yellow

Changquan Suit

- Model: TSH1016
Specification: XS-3XL
Color: black, white, pink, red, royalblue, rose red, light blue

Magnesium Powder Box (with wheel)

- Model: TQ2268
Specification: 454×460×(850-1050) mm
Material: High quality metal pipe, glass reinforced plastic box
Features: Adjustable height, with wheel, easy to move.

Taichi Shoes

- Model: TSH1014

Training Suit (long sleeve)

- Model: TSH1019
Specification: XS-3XL
Color: white, red, black, yellow

Training Pants

- Model: TSH1020
Specification: XS-3XL
Color: white, red, black, yellow

Rack

- Model: TQ2286
Specification: 1200mm×500mm×1000mm
Material: High quality birch plywood
Features: Can be used for placing weapons, high quality and durable.

Sanda

Combat Series

• Sanda Platform

Model: TQ1272

Specifications: 8000mm×8000mm×800mm

Features: Adopts high quality metal rectangular tube frame structure, the frame is laid with multi-layer board, flexible layer, cover sheet. There is a cushion on the back of the board, and the overall performance is stable and reliable. There are protective pads around the table, the frame is a combined steel pipe structure, all using standard fasteners, spray treatment. The frame is covered with 25mm thick planks, silenced. The flexible layer consists of a 2m×1m double-sided XPE mat with red flannelette. Countertop cover is space leather, anti-slip and easy to clean.

Note: Used in the 9th World Wushu Championships and the Sanda competitions of 2008 Beijing Olympic Games. This model is a ring model and does not include the surrounding protective pad.

• Sanda Training Mat

Model: TQ2572

Specification: 8000mm×8000mm×60mm

Material: Cover sheet is space leather +PVC machine woven fabric. Flexible layer for PVC machine woven fabric +XPE. Pad cover is rubber surface non-slip can be cleaned PVC leather. The pad core is XPE.

Features: This product is used for sanda training or competition.

Features: For training in competition.

Sanda Gloves (semi-finger)

- Model: TS8303C1 / TS8303C2
- Material: Microfiber / PU
- Features: Standard type

Sanda Chest Protector (man)

- Model: TQC1001A1 / TQC1001A2
- Specifications: S/M/L/XL/XXL
- Material: Microfiber / PU
- Features: New material, light weight, good protection effect.

Sanda Chest Protector (woman)

- Model: TQC1001B1 / TQC1001B2
- Specifications: S/M/L/XL
- Material: Microfiber / PU
- Features: New material, light weight, good protection effect.

Sanda Head Guard

- Model: TQC1003A / TQC1003B
- Specifications: S/M/L/XL/XXL
- Material: Microfiber / PU
- Features: One-stop rubber and plastic foam molding, thickened treatment on head back, the size of the head circumference can be adjusted freely to provide the most professional protection.

Smart Headguard

- Model: TQW0853
- Skin: PU
- Chip: force sensing chip, area sensing chip
- Transmitter: Module design
- Power supply: Built-in battery
- Connection mode: wireless
- Charging mode: Type-C
- Model: M, L, XL
- Principle: Correctly hit the scoring position, while the force meets the value set by the system.

Receiver

- Model: TQW0857
- Material: Engineering plastic
- Connection mode: wireless
- Parameter: IPv6 is supported
- Usage frequency: 2.4GHz+5GHz
- Wireless protocol: Wi-Fi6
- Wireless speed: 6000M
- Receive intelligent protective gear and marker signals to correctly reflect the race results.

Competition System

- Model: TQW0858
- System: win 11
- Memory: more than 2GB
- CPU: Core i5 2.5GHz 4 cores
- Graphics card: Intel integrated graphics card
- Screen size: 14 inches
- Mouse: Wired
- Others: Only the smart protection system is installed separately during the competition.

Smart Chest Protector

- Model: TQW0856
- Skin: PU
- Chip: force sensing chip, area sensing chip
- Transmitter: Module design
- Power supply: Built-in battery
- Connection mode: wireless
- Charging mode: Type-C
- Model: M, L, XL, XXL, XXXL
- Principle: Correctly hit the scoring position, while the force meets the value set by the system.

Smart Gloves

- Model: TQW0854
- Material: Microfiber
- Chip: 6 (fist peak, hand back)
- Size: 8oz, 10oz, 12oz. Washing: not machine wash only wipe.

Smart Foot Cover

- Model: TQW0855
- Material: PU, high elastic textile material
- Chip: 7 (instep, sole, ankle) Size: S, M, L, XL, XXL
- Washing: not machine wash only wipe.

Recognizer

- Model: TQW0859
- Recognize smart guard and beater signals
- Reflect the results correctly.
- Material: Engineering plastic
- Connection mode: wireless
- Parameters: IPv6 is supported. The operating frequency is 2.4GHz+5GHz.
- Wireless protocol: Wi-Fi6.
- Wireless speed: 6000M

Sanda Shin Guard

- Model: TQC2007
Specifications: S/M/L/XL/XXL
Material: High quality PU
Features: High elastic foaming system, light and durable, strong anti-attack ability.

Leg Guard (including instep)

- Model: TQC2006
Specifications: Average size
Material: High quality PU
Features: High elastic foaming system, light and durable, strong anti-attack ability.

Hand-wrap

- Model: TQW0183.01-01 Specification: 3000mm, 50mm wide
TQW0183.01-02 5000mm, 50mm wide
- Material: Pure cotton
Features: Good air permeability, soft and comfortable, with convenient nylon self-adhesive design, in combat sports and training to a greater extent to avoid injury.

Sanda Groin Guard (man)

- Model: TST1002
Specifications: S/M/L/XL/XXL
Material: High quality PU
Features: Hard plastic inner part, high elastic foaming process, strong elastic band. Especially increased protection of the lower abdomen.

Sanda Groin Guard (woman)

- Model: TST1001
Specifications: S/M/L/XL
Material: High quality PU
Features: Hard plastic inner part, high elastic foaming process, strong elastic band. Especially increased protection of the lower abdomen.

Backpack for Protective Gear

- Model: TSA2004
Material: High-density Oxford
Features: Can accommodate a variety of protective gear, training supplies, drawstring design, fine workmanship, convenient and fast, simple and elegant design, ideal backpack or training.

Mouth Guard

- Model: TSA2017
Specification: Average size
Material: Edible silica gel
Features: Made of edible silica gel, healthy and environmentally friendly, and can be used at ease. Tooth guard can make our teeth get the best protection when impacted. What's more, it can form a shock absorption effect in the mouth and help to reduce most of the shock force when impacted.

Sanda Kit-shorts and Shirt

- Model: TQC1004
Specifications: S/M/L/XL/2XL/3XL/4XL
Material: Knit fabric
Features: With IWUF embroidery logo, knit fabric, moisture absorption and perspiration, good breath-ability, in line with competition regulations.

Sanda Shorts Suit for Women

- Model: TQW0852
Specifications: s, m, l, xl, 2xl, 3xl, 4xl, 5xl
Color: Red/blue

Sanda Skirt Suit for Women

- Model: TQW0869
Specifications: s, m, l, xl, 2xl, 3xl, 4xl, 5xl
Color: Red/blue

Multifunctional Training Station

- Model: TQ2289
Specification: 2736mm×2736mm×2600mm
Material: Carbon structural steel
Features: This product is a multifunctional comprehensive boxing trainer integrating sandbags (4 pieces), pear ball, wall target and boxing speed ball. It covers a small area and does not need to be fixed. Users can disassemble and adjust the boxing trainer according to their own needs, making it more flexible to use.

Multifunctional Rotary Training Station

- Model: TQ2291
Specification: 3900mm×3900mm×2695mm
Material: Carbon structural steel
Features: This product is a multi-functional comprehensive training device which integrates sandbags, pear balls and wall targets. It covers a small area, does not need to be fixed, and the sandbags can rotate around the column. Users can adjust the position according to their own needs, use more flexibly, suitable for indoor exercise, can effectively enhance the muscle's explosive force and reaction speed.

SANDA

SANDA

Arc-shaped Foot Target

- Model: TSA1026
Specifications: 395mm×215mm×100mm
Material: PU
Features: Tear resistant environmental protection material, percussion surface through destructive testing, multi-seam, unique design, flexible use.

Arc Target

- Model: TSA1017
Specification: 650mm×450mm×100mm
Material: PU
Features: The target is curved design, with imitation leather jacket and EVA inner core, the whole body is full, with good impact effect.

Column Tumbler

- Model : TS4203B1-01 Specification: 80kg 1700mm
 TS4203B1-02 100kg 1700mm
- Features: The base is made of pure cast iron, rubber coated. No noise and no damage to the floor. The steel sleeve plug-in connection mechanism is adopted between the base and sandbag. Suitable for dodge training.

Foot Target

- Model: TSA1030
Material: PU
Features: The built-in padding is made of EVA, which conforms to the international standard, and the surface is specially treated, which is non-slip, nondeformation and wear-resistant. The sound is clear and loud.

Lengthened Hand Target

- Model: TSA1027
Specification: Average size
Material: PU
Features: New lengthened type with superior materials, high elastic EVA filling.

Hand Target (monkey face)

- Model: TSA1022
Specifications: 310mm×200mm×55mm
Material: PU
Features: Made of high density EVA foam, PU leather surface, comfortable to hold the target, firm and firm like monkey face, the filling material of this product is flexible, light and durable.

Hand Target

- Model: TSA2000
Specifications: 200mm×250mm×50mm
Material: PU
Features: High density compression foam, bending in line with the human hand shape, the center of the palm has a curved design, feel more comfortable.

Training Stick Target

- Model: TSA1025
Specification: 560mm×60mm
Material: PU
Features: One-piece elastic EVA, destructive testing of the striking surface, Velcro hook and loop, comfortable and non-slip grip, sewn stitching, durable.

Sanda Sandbag

- Model: TSSD2001
Specification: Length 60-180cm
Maximum diameter 45cm
Material: Leather
Features: iron chain bearing stronger, 360° rotator multi-directional impact, high-density anti-tear leather, the inner lining is stronger, the inner liner of the cotton and cloth, striking feel good.

Multifunctional Wall Target

- Model: TSA1023
Specification: 700mm×400mm×300mm
Material: PU
Features: With steel-frame structure and EVA filled inside, it's suitable for practising hooks, straight punches and swings.

Protective Shield Target

- Model: TSA1029
Specification: 350mm×350mm×150mm
Material: PU
Features: Tear-resistant and environmental friendly PU, ≧ 20,000 times impact resistance test, four-layer reinforced handle, manual threading on the side, evenly fit the inner liner, and effectively extend the service life.

Colored Paddles

- Model: TS8402A1

Level Card

- Model: TS8404A1

Waist Target

- Model: TSA1031
Specification: Average Size
Material: PU
Features: High-density EVA, recycled cotton, effective shock absorption, more comfortable wearing, magic buckle design, adjustable size, more convenient to wear.

Admonition Card, Warning Card, Forcible Counting Card

- Model: TS8401A1

Sanda Warning Rack

- Model: TQC2011

Tumbler Sandbag (mannequin)

- Model: TS8103B1
Specification: 550mm×400mm×1700mm
Material: Rubber
Features: Easy installation, rubber sucking disks at the bottom, which increases the stability of the product and can adjust the height. Thicker abrasion-resistant natural rubber skin design, better hitting feel.

Card Rack

- Model: TS8405A1

Draw-lots Box

- Model: TQW0871
Material: PVC
Size: 30*30*30cm

Default Card

- Model: TS8403A1

Weightlifting

Combat Series

- **Men's Competition Barbell**

Model: TQW0225
 Specification: 190kg
 Material: High quality spring steel, Natural synthetic rubber.
 Features: Colored Rubber

- **Women's Competition Barbell**

Model: TQW0226
 Specification: 185kg
 Material: High quality spring steel, Natural synthetic rubber.
 Features: Colored Rubber

- **Men's Competition Barbell Pole**

Model: TQW0228.01
 Specification: 20kg
 Material: Superior high strength spring steel.
 Features: Surface treatment is non-slip, chrome.

- **Women's Competition Barbell Pole**

Model: TQW0228.03
 Specification: 15kg
 Material: Superior high strength spring steel.
 Features: Surface treatment is non-slip, chrome.

- **Weightlifting Stage**

Model: TQ1252A
 Specification: 12000mm×10000mm×800mm
 Material: High quality welded steel pipe, multi layer plywood.
 Features: The level can be adjusted, The size can be customized according to customer requirements.

- **Weightlifting Stage for Training**

Model: TQ1252A/1
 Specification: 10000mm×10000mm×800mm
 Material: High quality welded steel pipe, multilayer plywood.
 Features: The level can be adjusted, The size can be customized according to customer requirements.

Competition Barbell Plates

Model:	Specification:
TQW0226.01-01	5 kg
TQW0226.01-02	2.5kg
TQW0226.01-03	2 kg
TQW0226.01-04	1.5kg
TQW0226.01-05	1 kg
TQW0226.01-06	0.5kg
TQW0226.02-01	25kg
TQW0226.02-02	20kg
TQW0226.02-03	15kg
TQW0226.02-04	10kg

Material: Ductile iron, Natural synthetic rubber.
Features: Colored Rubber

Training Type Barbell Plates

Model:	Specification:
TQW0226.03-01	5 kg
TQW0226.03-02	2.5kg
TQW0226.03-03	2 kg
TQW0226.03-04	1.5kg
TQW0226.03-05	1 kg
TQW0226.03-06	0.5kg
TQW0226.04-01	25kg
TQW0226.04-02	20kg
TQW0226.04-03	15kg
TQW0226.04-04	10kg

Material: Ductile iron, Natural synthetic rubber.
Features: Black rubber

Men's Training Barbell

- Model: TQW0227
Specification: 190kg
Material: High quality spring steel, Natural synthetic rubber.
Features: Black Rubber

Men's Training Barbell Pole

- Model: TQW0228.02
Specification: 20kg
Material: High quality spring steel.
Features: Surface treatment is non-slip, chrome.

Women's Training Barbell

- Model: TQW0228
Specification: 185kg
Material: High quality spring steel, Natural synthetic rubber.
Features: Black Rubber

Women's Training Barbell Pole

- Model: TQW0228.04
Specification: 15kg
Material: High quality spring steel.
Features: Surface treatment is non-slip, chrome.

Weightlifting Platform

- Model: TQW0366
Specification: 4000mm×4000mm×80mm
Material: Ash wood
Features: This product is made of wood. The surface has been specially treated and has non-slip properties. It is made by splicing wood boards. The board and board are connected by double-headed screws, making it an organic whole.

New Type Training Weightlifting Platform

- Model: TQW0366/1
Specification: 3000mm×3000mm×50mm
- Model: TQW0366/2
Specification: 3000mm×3000mm×80mm
- Material: Ash and Rubber
Features: The middle and corners of this product are made of wood. The surface is specially treated and has anti-slip properties. The place where the barbell falls is rubber plate.

Weightlifting Platform for Training (Colored rubber)

- Model: TQW0223/5B
Specification: 3000mm×3000mm×50mm
- Model: TQW0223/8B
Specification: 3000mm×3000mm×80mm
- Material: Ash wood, Colored Rubber (customizable)
Features: This product can be inlaid in the wood floor, or fixed on the ground with iron frame.

Weightlifting Platform for Training (Colored rubber)

- Model: TQ2283/7B
Specification: 3000mm×3000mm×30mm
- Model: TQ2283/8B
Specification: 3000mm×3000mm×40mm
- Model: TQ2283/2B
Specification: 3000mm×3000mm×50mm
- Model: TQ2283/1B
Specification: 3000mm×3000mm×80mm
- Material: Colored Rubber
Features: This product can be inlaid in the wood floor, or fixed on the ground with iron frame.

Support Racket

- Model: TQ2262
Specification: 2000mm×2400mm×2500mm
Material: High quality metal pipe, Natural rubber plate
Features: Split-type structure, easy to disassemble and assemble, easy to pack and transport.

Barbell Pole Rack

- Model: TQ2260
Specification: 1160mm×820mm×1210mm
Material: High quality metal pipe
Features: Integral structure, high stability, easy to move.

Weightlifting Competition Collars

- Model: TQW22000011
Weight: 2.5*2kg

Barbell Plates Rack

- Model: TQ2254
Specification: 1900mm×536mm×430mm
Material: High quality metal pipe, metal sheet
Features: The barbell plate rack is mainly composed of box and support rod, simple structure, easy to assemble, the whole is stable and firm.

Hand Push Barbell Rack

- Model: TQ2261
Specification: 1442mm×600mm×1165mm
Material: High quality metal pipe, glass reinforced plastic
Features: This product is welded by round tube, oval tube and round steel. Made with a magnesium cartridge, during training and competition, athletes can use the magnesium powder in the magnesium powder box to realize slip resistance.

Wooden Cushion

- Model: TQW0233A
Specification: 300mm (two-layer)
- Model: TQW0233B
Specification: 400mm (three-layer)
- Material: Ash wood / Rubber

Bench Press Rack

- Model: TQ2251A
Specification: 1800mm×1180mm×1288mm
Material: High quality metal pipe, PU leather, Compression sponge, multilayer plywood.
Features: This product is a horizontal bench press rack, composed of welded steel pipe bracket and plate surface, suitable for professional weight lifting training.

Handstand Rack

- Model: TQ2266
Specification: 1300mm×860mm×1914mm
Material: High quality metal pipe, PU leather, Sponge
Features: The ankle part of the product is a gear structure, easy to adjust; It can alleviate physical fatigue, improve balance ability, promote the brain blood supply, enhance memory; Can be used as the auxiliary equipment for competition and training.

Pull-up Rack

- Model: TQ2264
Specification: 1828mm×470mm×(798-1048)mm (adjustable)
Material: High quality metal pipe, PU leather, Compression sponge, multilayer plywood.
Features: This product is a highly adjustable bench stand, mainly used for exercising the muscle strength and flexibility of waist and abdomen, and can be used as the auxiliary equipment for competition and training.

Squat Rack (with wheel)

- Model: TQ2263/1
Specification: 570mm×455mm×(900-1250)mm (adjustable)
Material: High quality metal pipe, Ash wood, Rubber
Features: This product is adjustable squat frame with wheel, which is composed of steel welded bracket and wooden pier. Portable and suitable for professional weight training, but also for the gym and family.

0.4M Squat Rack

- Model: TQ2284A
Specification: 500mm×395mm×447mm
Material: High quality metal pipe, Ash wood, Rubber
Features: Strength and flexibility training for weight lifting.

Barbell Lifter

- Model: TQ2293
Specification: 1035mm×1230mm×751mm
Material: High quality metal pipe, nylon wheel
Features: This product is an auxiliary equipment for weight lifting competition and training. Its main function is to raise the pole so that the barbell can be replaced easily.

Squat Rack

- Model: TQ2296/1
Specification: 1300×600×900 mm
Material: High quality metal pipe, Rubber sheet
Features: This product is suitable for professional weightlifting training, mainly for the squat movement exercise, and it is a comprehensive equipment which can be placed at the bottom of the barbell.

Rosin Box

- Model: TQ2267
Specification: 450mm×450mm×50mm
Material: Pine, multilayer plywood
Features: Rosin or magnesium powder in it, It is used by athletes to wipe the bottom of their feet to prevent skidding.

Magnesium Powder Box

- Model: TQW0049
Specification: 900mm
Material: Painted iron base, glass reinforced plastic box.
Features: For magnesium powder.

Magnesium Powder Box (with wheel)

- Model: TQ2268
Specification: 454mm×460mm×(850-1050)mm
Material: High quality metal pipe, glass reinforced plastic box
Features: Adjustable height, with wheel, easy to move.

Weightlifting Shoes

- Model: TQW0221
Size: 37#-45#
Color: Grey, White

Cowhide Tension Band

- Model: TQW0249/1
Material: High quality cowhide

Folding Massage Bed

- Model: TQW0376
Specification: 1860mm×600mm×(480-720)mm,
Headrest: 270mm, The armrest width: 100mm
Material: PVC leather, high density sponge, high strength aluminum alloy frame, strong and durable.
Features: Easy folding and storage.

Weight-bearing Vest

- Model: TQW0357-01 | Specification: 5kg
TQW0357-02 | 10kg
TQW0357-03 | 20kg
- Material: Oxford fabric
Features: Double inner bag, no leakage. Used for weight-bearing exercise to enhance explosive power.

Man

Woman

Weightlifting Costume

- Model: TQW0219
Specification: S/M/L/XL/2XL/3XL/4XL/5XL
Color: Blue / Red
Material: 80% nylon, 20% spandex. Men and women design differently.

Weight Control Clothing

- Model: TQW0054
Specification: S/M/L/XL/2XL/3XL/4XL
Color: Black / Silver
Material: PU knitted transfer film, airtight, weight loss for athletes and obese people.

Cowhide Bracers

- Model: TQW0358

Bracers

- Model: TQW0360

Weightlifting Belt

- Model: TQW0220/1

Weightlifting Belt

- Model: TQW0220
- Specification: 900mm-1300mm
- Material: High quality cowhide

Paper Tube for Weightlifting Bars

- Model: TQW22000012

Dip Plastic Handbell

- Model: TQW0362
- Features: The handle is made of round steel machined and the plates bell is collapsible, it is made of casting and environmental protection neoprene Rubber. Used to exercise arm muscles, abdominal muscles and other parts.

Electroplating Hand Bell

- Model: TQW0361
- Specification: 10/15/20/25/30/35/40 kg
- Features: The handle is made of round steel machined, The plates is Cast iron and collapsible Self-assembled weight, can be used to exercise muscle strength of arm, waist and abdominal.

Hex - type Rubber Dumbbells

- Model: TQW0362/2
- Specification: 2.5/5/7.5/10/12.5/15...40/42.5/45/47.5/50 kg (per 2.5kg increasing)
- Features: Can be used to exercise the arm, waist, body shaping and so on.

Round Heads With Plastic Dumbbells

- Model: TQW0363
- Specification: 2.5/5/7.5/10/12.5/15...40/42.5/45/47.5/50 kg (per 2.5kg increasing)
- Material: PU adhesive

Dip Plastic Kettlebell

- Model: TQW0364
- Specification: 2/8/12/16/20/24/28/32 kg
- Features: It can be used for various exercises such as pushing, lifting, throwing and squatting when doing fitness exercises.

Coated Kettle Bell

- Model: TQW0224
- Specification: 2/8/12/16/20/24/28/32 kg
- Material: Cast iron, spray paint

Dip Plastic Dumbbell

- Model: TQW0362/1
- Specification: 1-10kg (Per 1kg increase)
- Material: Hexagon type scrub impregnated dumbbell
- Features: Can be used to exercise the arm, waist, body shaping and so on.

Weightlifting Tension Belt

- Model: TQW0249
- Material: Made of pure cotton cloth

More Combat Series

Kurash mat

• Kurash mat

Model: TQ1520D
Specification: 18000×18000×50 mm; Competition area: 10000×10000 mm

Material: Surface is yellow and red judo leather (PVC polyvinyl chloride leather); the upper layer is high-quality compressed sponge which has good absorbing effect and can protect the athletes from hurting. The fiber board layer in the middle can prevent deformation brought by expansion and contraction. The lower layer is XPE foam material with good cushioning effect. The bottom layer has anti-slip base.
